

APPLICATIONS NOW BEING ACCEPTED

FOR GIRLS AGES 11 – 14 YEARS OLD

The Dr. Betty Shabazz Delta Academy is a mentoring program that provides an opportunity for early adolescent girls ages 11-14 years to enrich and enhance their education in STEM. The program supports and prepares our pre-teen and early teens for personal, academic and social-developmental success.

Delta Academy Mission and Activities

- ❖ Spark an interest in STEM studies and careers through computer training, field trips for science experience and exposure
- ❖ Cultivate leadership skills and confidence through self-esteem and etiquette workshops
- ❖ Intro to college tours
- ❖ Become involved and participate in community service projects
- ❖ Develop self-awareness, social awareness and self-management
- ❖ Participation in social media activities, cultural events and outings
